

Shield Solutions, LLC

Shield Solutions® Rinse Clean

Pump Up Foam Sprayer Application Method

- 1.) Read SDS prior to using product.
- 2.) Pour approximately 36oz (1.1L) of Rinse Clean into the 48oz (1.4L) Pump-Up Sprayer. Pump until a sufficient pressure is achieved. (About 15-20 times)
- 3.) Spray a generous amount of Rinse Clean onto the gear, PPE or equipment to be cleaned.
- 4.) Thoroughly flush treated area with cold water to completely remove product and contaminants.
- 5.) Repeat this process if necessary, to achieve the desired effect.

32oz Spray Bottle Application Method

- 6.) Read SDS prior to using product.
- 7.) Spray a generous amount of Rinse Cleans onto the gear, PPE or equipment to be cleaned.
- 8.) Thoroughly flush treated area with cold water to completely remove product and contaminants.
- 9.) Repeat this process if necessary, to achieve the desired effect.
